11/20/2009	1.12.0.4	Modified the Splash Screen and About Box with new graphics for the open source version
5/13/2013	1.12.0.5	Removed SSN and replaced with MRN. Spell check only works when MS Word is installed. Corrected dialogue box on Continue. Corrected Exit functionality Clicking a blank line no longer generates an error.
5/22/2013	1.12.0.6	Corrected version issue with server compatibility.
5/22/2013	1.12.0.7	Help Files do not exist, corrected error. Corrected patient demographic info on Patient Select.
5/29/2013	1.12.0.8	Encounter Form now displays patient MRN.
7/2/2013	1.12.0.9	Scroll bar functions as designed. Removed extra pop up on exit.
7/2/2013	1.12.0.10	Inquiry button now displays selected patient demographic.
8/21/2013	1.12.0.11	Location now being cleared on date/time change. All locations are now displaying under Visit Location. Now correctly updating Encounter Provider.

vxGroupNotes 1.12.0.11

Category	Visual and Non-Visual.
Problem Description	First screen should show proper locations plus during an update of a group note, when changing the date and/or time the Visit Location should be blank by default and the available locations should only be those that are in the OR GN LOCATIONS file.
Resolution	Fixed. Now updating location/provider in the form header. Location now being cleared on date/time change.
Date Implemented	8/21/2013
QA Notes	

Category	Visual and Non-Visual.
Problem Description	vxGroupNotes, Update button does not display all locations under Visit Location. The locations available should be pulled from the OR GN LOCATION and for this test should only be TEST CLINIC and MEDICINE
Resolution	Fixed. Now displaying all locations under Visit Location.
Date Implemented	8/21/2013
QA Notes	

Category	Visual and Non-Visual.
Problem Description	vxGroupNotes, Update button and choosing a different Encounter Provider, the update is not displayed on the vxGroupNotes screen
Resolution	Fixed. Now correctly updating Encounter Provider
Date Implemented	8/21/2013
QA Notes	

vxGroupNotes 1.12.0.10

Category	Visual and Non-Visual.
Problem Description	Defect ID 831: When the Inquiry button is clicked, nothing occurs in vxGroupNotes. The inquiry button is supposed to give additional information for the selected patient.
Resolution	Fixed. 'Inquiry' button now displays selected patient demographics.
Date Implemented	7/2/2013
QA Notes	

vxGroupNotes 1.12.0.9

Category	Visual and Non-Visual.
Problem Description	The scroll bar is not functioning properly in some of the vxGroupNotes lists.
Resolution	Works as designed.
Date Implemented	7/2/2013
QA Notes	

Category	Visual and Non-Visual.
Problem Description	When exiting vxGroupNotes you have to click on 'Yes' <u>twice</u> to the message 'Exiting vxGroupNotes. Are you sure?' This also happens if you use the shortcut keys of Ctrl+Shift+X. This does not happen if you exit by clicking the X in the upper right hand corner of the window.
Resolution	Fixed. Removed extra (unnecessary) user-confirm Exit dialog.
Date Implemented	7/2/2013
QA Notes	

vxGroupNotes 1.12.0.8

Category	Visual and Non-Visual.
Problem Description	Patient MRN not showing on Encounter form.
Resolution	Now showing selected patient MRN on Encounter form.
Date Implemented	5/29/2013
QA Notes	

vxGroupNotes 1.12.0.7

Category	Visual and Non-Visual.
Problem Description	Help files do not exist for vxGroupNotes. Message dialog when click 'Help Contents' not showing this.
Resolution	Now showing dialog with message 'Help Files do not exist'.
Date Implemented	5/22/2013
QA Notes	

Category	Visual and Non-Visual.
Problem Description	Patient demographic information on Patient Select displaying improperly.
Resolution	Patient demographic information on Patient Select now displays properly.
Date Implemented	5/22/2013
QA Notes	

vxGroupNotes 1.12.0.6

Category	Visual and Non-Visual.
Problem Description	Message dialog after login - 'incompatible client/server versions'
Resolution	Modified vxGroupNotes 1.12.0.6 version information for server compatibility.
Date Implemented	5/22/2013
QA Notes	

vxGroupNotes 1.12.0.5

Category	Visual and Non-Visual.

Problem Description	Patient SSN appears in all three text boxes.
Resolution	Removed patient SSN, and replaced with patient DFN
Date Implemented	5/13/2013
QA Notes	
Category	Visual and Non-Visual.
Problem Description	Spell check is not working. Warning appears - 'Spell checking is unavailable'
Resolution	Works as designed. MS Word needs to be installed on the test box.
Date Implemented	5/13/2013
QA Notes	

Category	Visual and Non-Visual.
Problem Description	Misspelled user message in dialog, 'Are you sure to continue?'
Resolution	Changed user message to 'Are you sure you want to continue?'
Date Implemented	5/13/2013
QA Notes	

Category	Visual and Non-Visual.
Problem Description	When exiting vxGN with either the Exit Group Notes button or the 'X' button in the system menu, user has no way to cancel the actual exit in case it was pressed in error.
Resolution	Modified vxGN exit mechanism to include CloseQuery(). Also added close confirmation to main form/main menu.
Date Implemented	5/13/2013
QA Notes	

Category	Visual and Non-Visual.
Problem Description	M error generated on patient select screen when click either blank line above/below patient.
Resolution	vxGN is now ignoring clicks on the blank portions of patient select.
Date Implemented	5/13/2013
QA Notes
