Mobile Application Information

Intended Audience (User) for Mobile Application: Intended Audience (User) for Mobile Application: ☒ Veteran ☒ Caregiver

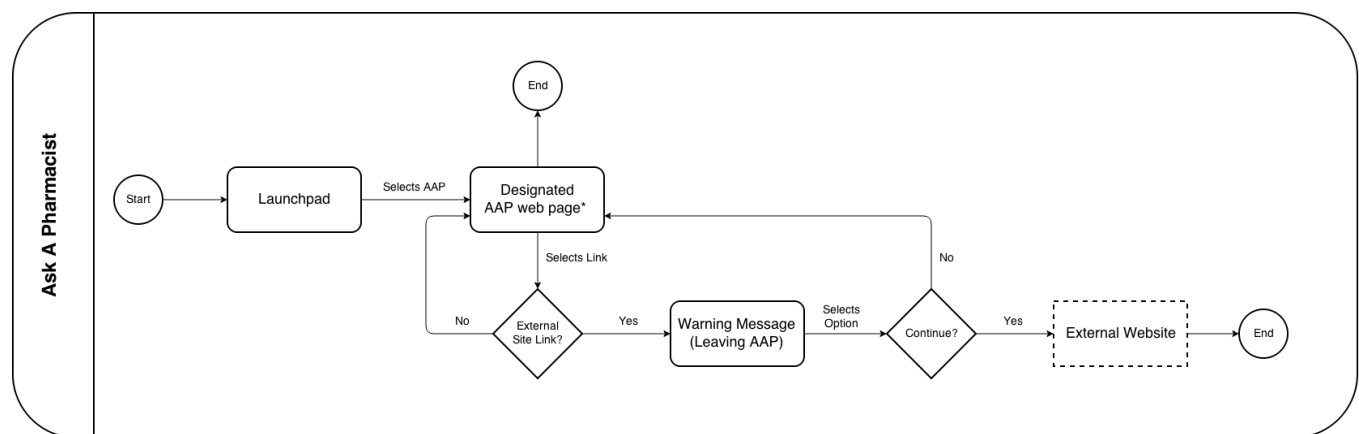

Scope of Integration

This section puts the mobile application into perspective with other related products. If the application is independent and completely self-contained, it should be stated here. If the mobile application is a component of a larger system then identify the specifications of the larger system to the functionality of the mobile application and identify the interfaces between the larger system and the mobile application.

The Ask a Pharmacist application is a self-contained application accessible from the VA Launchpad that provides VA and non-VA pharmacy information by leveraging existing VA and non-VA web links and services including MyHealtheVet, Secure Messaging, Food and Drug Administration, and VA trusted non-governmental resources for pharmacy information and services.

Application Expected Workflow

Describe and/or model the expected workflow.

* Designated AAP web page: Any web page within AAP website; "Home" is the initial landing page from Launchpad.

Laws and Regulation

What laws / regulations cover the implementation of the app? (To ensure compliance)

Section 508 of the Rehabilitation Act (29 U.S.C. § 794d), as amended by the Workforce Investment Act of 1998 (P.L. 105-220), August 7, 1998.

Legal, Copyright, and Other Notices

List any legal disclaimers, warranties, copyright notices, patent notices, word mark, 508 disclaimers and/or trademark logo issues associated with this mobile application.

Section 508 of the Rehabilitation Act (29 U.S.C. § 794d), as amended by the Workforce Investment Act of 1998 (P.L. 105-220), August 7, 1998.

Business Needs

Ref. ID	Need	Business Value
1.	Access to VA and non-VA trusted sources of information from a mobile application	So that users can educate themselves on pharmacy related topics that apply to them as individual users independent of access to a personal computer.
2.	Access to Secure Messaging feature through MyHealtheVet	So that users are able to send information requests to and receive information from VA pharmacists specific to the individual's pharmacy care.
System Features		
Feature Name	Inputs	Outputs
Links to information sources within My HealtheVet	Selection of links that utilize patient logon credentials within MyHealth eVet	Access to MyHealtheVet VA developed features and information
Links to HealtheVet Secure Messaging portal	Selection of links that utilize patient logon credentials within MyHealth eVet Secure Messaging	Leverage existing application (MyHealtheVet) functionality and developed Application Programming Interfaces (API) to provide Secure Messaging to the Ask A Pharmacist mobile application
Referenced trusted link access	User selects links within the Ask A Pharmacist mobile application to access VA and trusted non-VA resources.	Access to trusted non-VA sources of information from the Ask A Pharmacist mobile application though external websites.
VA trusted pharmacy resource documents	User selects links within the Ask A Pharmacist mobile application to view VA pharmacy subject matter expert generated documents	Trusted informational pharmacy documents integrated within the Ask A Pharmacist mobile application

Applicable User Stories

User Story JIRA ID	User Story Title
AAP-538	As an Ask A Pharmacist Team Member, I want to install MAE VPN software
AAP-539	As an Ask A Pharmacist Team Member, I want to have HP Fortify licenses for static code analysis
AAP-540	As an Ask A Pharmacist Team Member, I want to setup Stash Project and code repository including access control privileges
AAP-541	As an Ask A Pharmacist Team Member, I want to have VA AMP licenses for 508 review
AAP-542	As an Ask A Pharmacist Team Member, I want to install and setup Selenium IDE
AAP-544	As an Ask A Pharmacist Team Member, I want to create structure of web project for .war deployment (includes Fortify, source, and acceptance test areas)
AAP-545	As an Ask A Pharmacist Team Member, I want to create build process for project
AAP-546	As an Ask A Pharmacist Team Member, I want to integrate a Tomcat 7 preconfigured auto deployment build for local deployment
AAP-547	As an Ask A Pharmacist Team Member, I want to create JS/App framework shell
AAP-548	As an Ask A Pharmacist Team Member, I want to create unit testing process (selenium scripting/J Unit reports that need to be integrated into development process).
AAP-549	As an Ask A Pharmacist Team Member, I want to create script to complete fortify scans
AAP-550	As an Ask A Pharmacist Team Member, I want to create/update developer guide on AAP wiki explaining project structure and how to build/deploy
AAP-432	As a User, I need access to pill identification information so that I can identify my medication when needed.
AAP-434	As a User, I need access to information on drug interactions with food and beverages so that I can educate myself on potential interactions.
AAP-435	As a User, I need access to information on drug interactions with dietary supplements so that I can educate myself on potential interactions.
AAP-436	As a User, I need access to information on drug interactions with other drugs so that I can educate myself on potential interactions.
AAP-437	As a User, I need access to information on drug interaction tips to avoid problems so that I can educate myself on potential interactions.
AAP-438	As a User, I need to access information on performing drug interactions so that I can educate myself on potential interactions
AAP-439	As a User, I need the ability to utilize a "Facility Locator" to find my preferred VA Healthcare facility or facilities so that I can choose a specific VA location.

AAP-440	As a User, I need access to allergy information so that I can educate myself on my allergies.
AAP-443	As a user, I need to access third-party shipment websites (e.g., UPS My Choice) so that I can manage my prescription deliveries when they are shipped via a third-party service (e.g., UPS).
<u>AAP-444</u>	As a user, I need to access third-party shipment websites (e.g., USPS) so that I can manage my prescription deliveries when they are shipped via a third-party service (e.g., USPS).
AAP-445	As a User, I need the ability to browse the Ask A Pharmacist Frequently Asked Questions by topic so that I am not forced to use the Search option to find content I am interested in.
AAP-446	As a user, I want to access FAQs related to prescription refills in MHV so that I can learn more about what functionality is currently available.
AAP-448	As a User, I want the ability to learn more about Rx Tracking through My HealtheVet so that I know what functionality is currently available.
AAP-449	As a User, I need the ability to access general information on VA prescription refill so that I can learn more about the prescription refill tracking process.
<u>AAP-450</u>	As a User, I need access to information on how to properly dispose of medications so that I can dispose of any medications safely.
<u>AAP-451</u>	As a User, I need access to information on how to properly administer a medication so that I can ensure I am taking my medication correctly.
<u>AAP-452</u>	As a User, I need the ability to report adverse drug events so that I can report and/or review events related to drugs I am taking. (FDA Medwatch)
<u>AAP-453</u>	As a User, I need the ability to track adverse drug events so that I can report and/or review events related to drugs I am taking.
AAP-454	As a User, I want to access the medication article "Medications: Keep Track and Play It Safe" on MyHealtheVet so that I can educate myself on their use and other important information.
AAP-455	As a User, I want to access the medication article "Navigating Your Way to Good Health: Finding Reliable Information Online" on MyHealtheVet so that I can educate myself on their use and other important information.
AAP-456	As a User, I want to access the medication article "Thinking about Quitting Smoking? - Medications Can Help" on MyHealtheVet so that I can educate myself on their use and other important information.
AAP-457	As a User, I want to access the medication article "Medications: Playing it Safe at Home" on MyHealtheVet so that I can educate myself on their use and other important information.
AAP-458	As a User, I want to access the medication article "Medication Check Up" on MyHealtheVet so that I can educate myself on their use and other important information.
AAP-459	As a User, I want to access the medication article "Medicine Cabinet Full? Too Many Pills?" on MyHealtheVet so that I can educate myself on their use and other important information.
AAP-460	As a User, I want to access the medication article "Check Your Medications: A Prescription for Better Health" on MyHealtheVet so that I can educate myself on their use and other important information.

AAP-461	As a User, I want to access the medication article "Medication Disposal Safety Tips" on MyHealtheVet so that I can educate myself on their use and other important information.
AAP-462	As a User, I want to access the medication article "VA's Mail-Order Pharmacy Program Recognized 2011" on MyHealtheVet so that I can educate myself on their use and other important information.
AAP-463	As a User, I want to access the medication article "Updated Immunization Recommendations" on MyHealtheVet so that I can educate myself on their use and other important information.
AAP-464	As a User, I want to access the medication article "Sharing Your Health Information" on MyHealtheVet so that I can educate myself on their use and other important information.
AAP-465	As a User, I want to access the medication article "Viewing your VA Medication Names" on MyHealtheVet so that I can educate myself on their use and other important information.
AAP-466	As a User, I want access to Food and Drug Administration drug information resources so that I can educate myself on drug information for consumers that may apply to me.
AAP-468	As a User, I want access to MyHealtheVet drug information resources so that I can educate myself on medication information that may apply to me.
AAP-469	As a User, I want access to Drugs.com drug information resources so that I can educate myself on pill identification information that may apply to me.
AAP-470	As a User, I want access to Drugs.com drug information resources so that I can educate myself on drug interaction information that may apply to me.
AAP-471	As a User, I want access to A Toolkit for Families drug information resources so that I can educate myself on medicine safety information that may apply to me.
AAP-472	As a User, I want access to Safemedication.com drug information resources so that I can educate myself on medication tips & tools information that may apply to me.
AAP-473	As a User, I want access to Food and Drug Administration drug information resources so that I can educate myself on safe disposal of medicines information that may apply to me.
AAP-474	As a User, I want access to VA Center for Medication Safety drug information resources so that I can educate myself on drugs, supplements, and herbal information that may apply to me.
AAP-475	As a User, I want access to FDA MedWatch drug information resources so that I can educate myself on adverse event reporting program provides information on how to report medication safety alerts information that may apply to me.
AAP-476	As a User, I want access to Institute for Safe Medication Practices drug information resources so that I can educate myself on reporting medication error information that may apply to me.
AAP-477	As a User, I want access to Institute for Safe Medication Practices drug information resources so that I can educate myself on free medication alert information that may apply to me.
AAP-478	As a User, I want access to Food and Drug Administration drug information resources so that I can educate myself on recalls, market withdrawals, & safety alert information that may apply to me.
AAP-479	As a User, I want access to MyHealtheVet drug information resources so that I can educate myself on medical library information that may apply to me.

AAP-739	As an Ask a Pharmacist team member I want to develop the AAP header elements, so that all design elements and requirements are completed for application development.
AAP-740	As an Ask a Pharmacist team member I want to develop the AAP footer elements, so that all design elements and requirements are completed for application development.
AAP-743	As an Ask a Pharmacist team member I want to develop the AAP main body content display elements, so that all design elements and requirements are completed for application development.
AAP-744	As an Ask a Pharmacist team member I want to develop the AAP services menu information elements, so that all design elements and requirements are completed for application development.
AAP-805	As an Ask a Pharmacist team member I want to develop the AAP Home button elements, so that all design elements and requirements are completed for application development.
AAP-815	As an Ask a Pharmacist team member, I want to create the multiple page application template so that the AAP application has a defined structure.
AAP-430	As a User, I need to know what the information on my pill bottle means so that I am knowledgeable about my medications.
AAP-441	As a User, I need access to information on the role of my VA pharmacists so that I can understand what my pharmacists do to help users with their medications.
AAP-442	As a User, I need information on how my VA pharmacy operates so that I can understand how they work with the VA Consolidated Mail Order Pharmacies (CMOP) to get me my medications.
AAP-447	As a User, I need access to FAQs related to the VA National Formulary for medications so that I will be able to view and share VA formulary information when I and/or my providers are determining the best available therapies for a treatment regimen.
AAP-467	As a User, I want access to Medline Plus drug information resources so that I can educate myself on drugs, supplements, and herbal information that may apply to me.
AAP-480	As a User, I want to be notified if I select a link that takes me to a site external to the Ask A Pharmacist mobile application so that I can be made aware I am leaving the mobile application.
AAP-481	As a User, I want to be returned to the Ask A Pharmacist mobile application after I navigate to an external site so that I can seamlessly continue using the Ask A Pharmacist mobile application once I am finished with an external site.
AAP-482	As a User, I want the ability to log in to Secure Messaging (SM) from a mobile device so that I can communicate with my pharmacy staff.
AAP-543	As an Ask A Pharmacist Team Member, I want to install Standalone Selenium Server, Internet Explorer Driver Server, Safari Driver, Chrome Driver and other applicable browser drivers.
AAP-741	As an Ask a Pharmacist team member I want to develop the AAP about menu information elements, so that all design elements and requirements are completed for application development.
AAP-742	As an Ask a Pharmacist team member I want to develop the AAP help menu information elements, so that all design elements and requirements are completed for application development.
AAP-1078	As an Ask a Pharmacist team member I want to Correct the title of "Prescription Refill" within the Track My Meds Screen
AAP-1079	As an Ask a Pharmacist team member I want to Combine drug interaction article into one submenu within the drug interaction menu

AAP-1080	As an Ask a Pharmacist team member I want to Move allergy and Adverse Drug Reaction pages from the drug administration page to the Drug Interaction page
AAP-1081	As an Ask a Pharmacist team member I want to Retitle Drug Interaction page to Drug Interactions, and Adverse Drug Events page
AAP-1082	As an Ask a Pharmacist team member I want to Retitle Trusted Medication Resources page
AAP-1083	As an Ask a Pharmacist team member I want to Retitle link "MyHealtheVet" to "Veteran Health Library"
AAP-1084	As an Ask a Pharmacist team member I want to Update leaving application modal to include contact VA provider for immediate assistance
AAP-1087	As an Ask a Pharmacist team member I want to Complete Fortify Scan for Ask a Pharmacist Application
AAP-1189	As an Ask a Pharmacist team member I want to complete the Sprint 2 Update to Include the Mortar and Pestle icon in the Header adjacent to the application name.
AAP-1203	As an Ask a Pharmacist team member I want to reorder links and menus within AAP
AAP-1204	As an Ask a Pharmacist team member I want to include modal for leaving the app for all links within HTML Documents
AAP-1085	As an Ask a Pharmacist team member I want to include a EULA for the AAP application
AAP-1086	As an Ask a Pharmacist team member I want to create a user guide for Ask a Pharmacist Application
AAP-1088	As an Ask a Pharmacist team member I want to complete end to end testing for updated development environment
AAP-1202	As an Ask a Pharmacist team member, I want to complete the MyHealtheVet Prescription refill update.
AAP-1246	Create and move links into submenus within Consumer Drug, Herbal & Supplement Information menu.
AAP-1205	As an Ask a Pharmacist team member, I want to complete the Style Guide Look and Feel Updates.
AAP-1295	As an AAP developer, I want to create the logic to check if the user is logged into another VA Launchpad application so I can display the correct information in the AAP application.
AAP-1258	As an AAP developer, I want to display the navigation path on each page of the submenus so that users are able to easily navigate the AAP application.
AAP-1257	As an AAP developer, I want to create the backend work flow to track the path to user's current location within the AAP application.
AAP-1256	As a Veteran, I want to be able to track my location in the AAP application so that I may be able to easily navigate the application.
AAP-1254	As a Veteran, I want a link from the AAP application to the VA Launchpad, so I can easily navigate to other VA applications.

Application-Specific Non-Functional Requirements (NFRs) as a category 2 application

JIRA NFR ID	Summary
-------------	---------

AAP-415	As a Project Team, we must create a splash screen that conveys that our application is VA sanctioned so that the user knows that this is an authorized VA application.
AAP-414	As a Project Team, we must use the language of the user when we create the UI for our application and as much as possible we must ensure the application acts and reacts as the user expects so that we can reduce the occurrence of user error.
AAP-413	As a Project Team, we must use a text height that can easily read by the user so that the text is easily read and does not require manipulation techniques by the user to make the text readable.
AAP-412	As a Project Team, we must include error recovery instructions in all of the error messages of the application so that it is easily understood by the target user.
AAP-411	As a Project Team, we must compose error recovery instructions using plain, simple language so that it is easily understood by the target user.
AAP-410	As a Project Team, we must describe errors using plain, simple language so that it is easily understood by the target user.
AAP-409	As a Project Team, we must compose the application messages in simple, plain language so that it is easily understood by the target user.
AAP-408	As a Project Team, we must use a consistent screen layout throughout the application so that consistency exists and users are able to easily find information.
AAP-407	As a Project Team, we must use terminology consistently throughout the application so that we do not use two different terms that have the same meaning and we can avoid confusion.
AAP-406	As a Project Team, we must include "how to correct error" information in error feedback so that our application will allow our users to correct errors and easily return to their tasks.
AAP-405	As a Project Team, we must include "what happened" information in error feedback so that our application will allow our users to correct errors and easily return to their tasks.
AAP-390	As a Project Team we must ensure that a Splash Screen is displayed upon first use of the application by the user so that we can share important information with and let the user know the application is loading.
AAP-389	As a Project Team we must ensure that our application gives the user the ability to choose (from within the application) to return to the Launchpad once the application is exited so that a common exit procedure is used for all mobile applications.
AAP-388	As a Project Team, we must include a Help tab or button within our application so that the user can quickly locate important information to assist them in using our application.
AAP-387	As a Project Team, we must include the version number of the application on the About tab so that the user will know which version of the application they are using.
AAP-386	As a Project Team, we must include an About tab or button within our application so that the user can quickly locate important information about our application.
AAP-385	Guidance: To meet the requirements for V&V test intake, the functional requirements, business rule logic and compliance requirements have been tested.
AAP-384	Guidance: Test scripts and test results are documented according to ProPath guidance.

AAP-383	As a project team, we must be sure to provide a business owner waiver if our Mobile Application is not free of all critical and high defects, otherwise we will not meet the criteria for entrance into V&V.
AAP-382	Guidance: The Mobile Application is free of all Level-1 (Critical) and Level 2 (High) defects prior to submitting to V&V.
AAP-381	Guidance: Development teams should review the CWE/SANS Top 25 Most Dangerous Software Errors.
AAP-380	Guidance: Development teams should review the OWASP Top Ten list.
AAP-379	Guidance: (If applicable) Development teams must perform the V&V Secure Code Review Validation process.
AAP-378	Guidance: If Applicable, development team must perform the V&V Secure Code Review Process.
AAP-377	Guidance: Development teams must obtain automatic static analysis tools from the VA SwA Program Office.
AAP-376	Guidance: Development team must scan their applications during both the development and the A&A processes (for example: during component testing).
AAP-355	As a project team, we must be sure that where a screen title is provided, a clear title is presented on all screens, otherwise we will not be Section 508 compliant.
AAP-354	As a project team, we must be sure that the reading order of the application content is logical, otherwise we will not be Section 508 compliant.
AAP-353	As a project team, we must provide the equivalent text for all non-text elements including sound and images, otherwise we will not be Section 508 compliant.
AAP-352	As a project team, we must use actual text when technology allows instead of images of the text, otherwise we will not be Section 508 compliant.
AAP-351	As a project team, we must ensure that when using non-decorative images, informative alternative text is provided to the user, otherwise we will not be 508 compliant.
AAP-350	As a project team, we must avoid duplicating information in alternatives, otherwise we will not be Section 508 compliant.
AAP-349	As a project team, we must ensure that all interactions with a control is what the user expects it to be, otherwise we will not be Section 508 compliant.
AAP-348	As a project team, we must make sure that all of the controls that have accessible input methods for the controls, have a specific set of behaviors and are adequately supported, otherwise we will not be Section 508 compliant.
AAP-347	As a project team, we must make sure that while using logical navigation scrolling occurs as needed, otherwise we will not be Section 508 compliant.
AAP-346	As a project team, we must be sure to provide sufficient size for the element on the touch screen, otherwise we will not be Section 508 compliant.
AAP-345	As a project team, we must provide inactive space around elements on the touch screen, otherwise we will not be Section 508 compliant.
AAP-344	As a project team, we must ensure that all actions on a touch screen are triggered on removal and not with the initial touch, otherwise we will not be Section 508 compliant.

AAP-343	As a project team, we must be sure that we do not overlap active elements in touch focus areas, otherwise we will not be Section 508 compliant.
AAP-342	As a project team, we must be sure that we are able to move focus away from focusable components, otherwise we will not be Section 508 compliant.
AAP-341	As a project team, we must be sure that element text has the same meaning within context, otherwise we will not be Section 508 compliant.
AAP-340	As a project team, we must be sure that element text has the same meaning when out of context, otherwise we will not be Section 508 compliant.
AAP-339	As a project team, we must be sure that content that gives the user an alternative to non-accessible content, also provide an equivalent functionality, otherwise we will not be Section 508 compliant.
AAP-338	As a project team, we must be sure to provide the ability for the user to control the font size, otherwise we will not be Section 508 compliant.
AAP-337	As a project team, we must use consistent labels for common elements, otherwise we will not be Section 508 compliant.
AAP-335	As a project team, we must use consistent labels for images, otherwise we will not be Section 508 compliant.
AAP-319	As a project team, we must use consistent labels for controls, otherwise we will not be Section 508 compliant.
AAP-318	As a project team, we must ensure that shape and location are not the only ways hierarchy is communicated, otherwise we will not be Section 508 compliant.
AAP-317	As a project team, we must ensure that shape and location are not the only ways information is communicated, otherwise we will not be Section 508 compliant.
AAP-316	As a project team, we cannot only rely on sensory characteristics when providing instructions, otherwise we will not be Section 508 compliant.
AAP-315	As a project team, we must make sure that artifact elements are not exposed to assistive technologies, otherwise we will not be Section 508 compliant.
AAP-314	As a project team, we must make sure that duplicate content is not exposed to assistive technologies, otherwise we will not be Section 508 compliant.
AAP-313	As a project team, we must make sure that decorative content is not exposed to assistive technologies, otherwise we will not be Section 508 compliant.
AAP-312	As a project team, we must make sure that hidden content is not exposed to assistive technologies, otherwise we will not be Section 508 compliant.
AAP-311	As a project team, we must be sure that all applications do not interfere with Assistive Technology, otherwise we will not be Section 508 compliant.
AAP-310	As a project team we must ensure that controls are correctly identified as they are intended to be, and the “state” is correctly identified, otherwise we will not be Section 508 compliant.
AAP-309	As a project team, we must make sure that non-decorative content supports accessibility, otherwise we will not be Section 508 compliant.

AAP-308	As a project team, we must make sure that all controls support Accessibility, otherwise we will not be Section 508 compliant.
AAP-307	As a project team, we must ensure that it is possible for all enhancements to operate simultaneously, even if they are not all being used, otherwise we will not be Section 508 compliant.
AAP-306	As a project team, we must ensure that we are sufficiently describing all elements, otherwise we will not be Section 508 compliant.
AAP-302	As a project team, we must ensure that all elements can receive focus, otherwise we will not be Section 508 compliant.
AAP-301	As a project team we must ensure that we use interactive elements on a page in a logical focus order, otherwise, we will not be Section 508 compliant.
AAP-299	As a project team, we must ensure that navigation is visually indicated, otherwise we will not be Section 508 compliant.
AAP-296	As a project team, we must ensure that the focus is set logically when pop alerts close, otherwise we will not be Section 508 compliant.
AAP-293	As a project team, we must ensure that the focus is set logically when a module opens, otherwise we will not be Section 508 compliant.
AAP-291	As a project team, we must ensure that when focus changes occur that the context has not changed, otherwise we will not be Section 508 compliant.
AAP-289	As a project team, we must provide suggestions to the user when they receive error messages whenever they are known when using the Android/iOS platforms, otherwise we will not be Section 508 compliant.
AAP-287	As a project team, we must ensure that we provide a consistent way to implement and alert mechanism on the Android/iOS platforms, otherwise we will not be Section 508 compliant.
AAP-285	As a project team, we must ensure that we provide a consistent strategy to implement an error mechanism on the Android/iOS platforms, otherwise we will not be Section 508 compliant.
AAP-283	As a project team, we must ensure that we provide a clear indication of errors on the Android/iOS application platforms, otherwise we will not be Section 508 compliant.
AAP-281	As a project team, we must ensure that screen transitions settle within 5 seconds on the Android/iOS platform applications, otherwise we will not be Section 508 compliant.
AAP-279	As a project team, we must ensure that we make assistive technologies aware of any content changes to the Android/iOS applications in real time, otherwise we will not be Section 508 compliant.
AAP-277	As a project team, we must ensure that the removal of on-screen components are properly exposed to assistive technology on the Android/iOS Media Platforms.
AAP-275	As a project team, we must ensure that the addition of on-screen components are properly exposed to assistive technology on the Android/iOS platforms, otherwise, we will not be 508 compliant.
AAP-273	As a project team, we must ensure that when White on Black is enabled on the iOS platform, that an acceptable contrast is provided within the application color settings, otherwise we will not be Section 508 Compliant.

AAP-271	As a project team, we must ensure that when colors from the OS are not used, that we provide a variety of color contrast selection, otherwise we will not be Section 508 compliant.
AAP-269	As a project team, we must ensure that we provide a sufficient color contrast when using text and text images on the Android/iOS Platform, otherwise we will not be Section 508 compliant.
AAP-267	As a project team, we must ensure that we are not using color and text formatting as the only way to communicate selection on the Android/iOS platforms, otherwise we will not be 508 compliant.
AAP-232	As a Project Team, we must VA brand all mobile pages within the application using the responsive template documented in the latest VA Branding Style Guide otherwise our application risks non-approval from the VA Branding compliance group.
AAP-230	As a Project Team, we must VA brand all web pages within the application using the responsive template documented in the latest VA Branding Style Guide otherwise our application risks non-approval from the VA Branding compliance group.
AAP-228	See Description for Full Req.: As a Project Team, we must ensure our images use the appropriate dpi for mobile devices to ensure that graphics are consistently of a good resolution and are not blurry or pixelated
AAP-226	See Description for Full Req.: As a Project Team, we must ensure our graphics use the appropriate dpi for mobile devices to ensure that graphics are consistently of a good resolution and are not blurry or pixelated
AAP-221	As a Project Team, we must name our application in a manner that describes the functionality of the application otherwise our application risks non-approval from the VA Branding compliance group.
AAP-211	See Description for Full Req.: As a Project Team, we must create the chicklet for our application using the appropriate requirements (based on administration) listed in the latest VA Branding Style Guide
AAP-205	As a Project Team, we must use the appropriate administration color palette described in the latest VA Branding Style Guide otherwise our application risks non-approval from the VA Branding compliance group.
AAP-201	As a Project Team, we must use the fonts listed within the VA Branding Style Guide for application chiclets, splash screens and content otherwise our application risks non-approval from the VA Branding compliance group.
AAP-198	As a Project Team, we must reference the latest available VA Branding Graphics Style guide when incorporating the VA Health logo into our application otherwise our application risks non-approval from the VA Branding compliance group.
AAP-196	As a Project Team, we must use the VA Health logo (If application is sponsored by VHA) provided on the VA Mobile Branding website otherwise our application risks non-approval from the VA Branding compliance group.
AAP-184	As a Project Team, we must reference the latest available VA Branding Graphics Style guide when incorporating the VA Mobile logo into our application otherwise our application risks non-approval from the VA Branding compliance group.
AAP-181	As a Project Team, we must use the VA Administration logo provided in VA Mobile Style Guide otherwise our application risks non-approval from the VA Branding compliance group.

AAP-179	As a Project Team, we must use tappable elements that are 44x44 points or larger so that the user can easily select the element with their fingertip and avoid an incorrect element selection by the user.
AAP-177	As a Project Team, we must avoid the use of vertically stacked controls so that the user can easily select the control with their fingertip.
AAP-174	See Description for full requirement - As a Project Team, we must allow the user to adjust
AAP-172	As a Project Team, we must not allow for the content of the screens within the application to take up 80% or more of any screen within the application so that the focus of the screen serves the applications purpose.
AAP-170	As a Project Team, we must use an indicator when a list is scrollable so that the user is aware that there is more information to be displayed on the screen.
AAP-168	As a Project Team, we must use short names for menu items that will not be truncated when displayed on the user's device so that the purpose of the menu items are evident and user's memory load is minimized.
AAP-165	As a Project Team, we must use the link name to indicate the destination of the link so that the purpose of the link is simply understood.
AAP-161	As a Project Team, we must make sure that the title of any modal screen represents the task being performed on the screen so that the purpose of the screen is simply understood.
AAP-159	See Description for full requirement - As a Project Team, we must make sure that when a list of options
AAP-157	As a Project Team, we must give the user a choice to complete the task or abandon the task presented on a modal screen is used so that a clear choice for exit and control over actions for the user.
AAP-155	See Description for full requirement - As a Project Team, we must use clear indicators that instructs the user how to move forward
AAP-153	As a Project Team, we must make sure that the screens of our application adapt to the orientation (portrait/landscape) of the device so that the application will be consistent with the user's expectations.
AAP-151	As a Project Team, we must make sure that our application properly recognizes any standard physical gestures of the device so that confusion can be avoided by keeping well tested, well established gesture standards.
AAP-149	As a Project Team, we must provide a remaining processing time indicator for tasks that will take longer than 10 seconds so that the user is aware the application is processing information.
AAP-147	As a Project Team, we must provide a processing indicator for all tasks, regardless of their duration, so that the user is aware the application is processing information.
AAP-145	As a Project Team, we must provide immediate feedback (.25) following user input activities so that the user is aware the application has recognized the user's input.
AAP-143	As a Project Team, we must use consistent screen movement throughout the application so that consistency exists and users do not have an additional cognitive load to determine how to perform functions.
AAP-141	As a Project Team, we must present the content of the application consistently throughout the application so that consistency exists and users are able to easily find information.

AAP-139	As a Project Team, we must adhere to the standard navigation practices of the device's web-browser so that consistency exists and users do not have an additional cognitive load to determine different navigation methods.
AAP-137	As a Project Team, we must adhere to the standard navigation practices of the platform's operating system so that consistency exists and users do not have an additional cognitive load to determine different navigation methods.
AAP-135	As a Project Team, we must adhere to the standard navigation of the device so that consistency exists and users do not have an additional cognitive load to determine different navigation methods.
AAP-133	As a Project Team, we must provide "Help" information and/or a tooltip when we use acronyms/abbreviations due to screen space limitations so that our application will enhance the user's experience with our application.
AAP-132	Guidance: Enhance the user's experience with our application by using consistent screen terms within the application.
AAP-129	As a Project Team, we must avoid using acronyms/abbreviations so that our application will enhance the user's experience with our application.
AAP-128	Guidance: Usability testing must occur in a dedicated test environment that is separate from both the development and production environments.
AAP-127	Guidance: To enhance the user's experience with the application, define and adhere to a model for the design elements within the application.
AAP-125	As a Project Team, we must make sure that the error messages within the application contain specific instruction on how to recover from an error so that our application will enhance the user's experience with our application.
AAP-123	As a Project Team, we must provide Info button so that our application will enhance the user's experience with our application.
AAP-120	As a Project Team, we must ensure color usage within our application reflects purpose of our application so that our application will enhance the user's experience with our application.
AAP-118	As a Project Team, we must provide an indicator for non-visible text that prompts the user to scroll so that our application will enhance the user's experience with our application.
AAP-115	As a Project Team, we must not use terms that represent gender so that our application will enhance the user's experience with our application.
AAP-113	As a Project Team, we must make sure that the error messages within the application are consistently used and displayed so that our application will enhance the user's experience with our application.
AAP-111	As a Project Team, we must make sure that the error messages within the application contain specific instruction on the meaning of error so that our application will enhance the user's experience with our application.
AAP-109	As a Project Team, we must make sure that the error messages within the application are in user-centric language so that our application will enhance the user's experience with our application.
AAP-107	As a Project Team, we must define a logical tab order through fields on a screen when the default tab order is not sufficient for our application so that our application will enhance the user's experience with our application.

AAP-105	As a Project Team, we must make sure that the difference between status icons and clickable icons is visually different so that our application will enhance the user's experience with our application.
AAP-103	As a Project Team, we must provide "white space" between status icons and screen content otherwise our application risks non-approval from the Usability compliance group.
AAP-100	As a Project Team, we must use icons that are easily recognizable by users so that our application will enhance the user's experience with our application.
AAP-98	As a Project Team, we must use consistent screen elements within our application so that our application will enhance the user's experience with our application.
AAP-97	Guidance: To enhance the user's experience with the application, create and use a consistent screen flow model within our application so that our application will enhance the user's experience with our application.
AAP-80	As a Project Team, we must place critical information in the top portion of the screen so that our application will enhance the user's experience with our application.
AAP-78	As a Project Team, we must use consistent locations when placing navigation elements so that our application will enhance the user's experience with our application.
AAP-76	As a Project Team, we must make sure that text is sized to be readable so that our application will enhance the user's experience with our application.
AAP-73	As a Project Team, we must have a consistent style for text hyperlinks within our application so that our application will enhance the user's experience with our application.
AAP-70	As a Project Team, we must provide visual separation between the navigation space and the main-content area so that our application will enhance the user's experience with our application.
AAP-67	As a Project Team, we must left align page/section titles to anchor titles in consistent locations on all windows/screens so that our application will enhance the user's experience with our application.
AAP-61	As a Project Team, we must use simple and consistent button labels so that our application will enhance the user's experience with our application.
AAP-57	As a Project Team, we must use mixed case text within the application so that our application will enhance the user's experience with our application.
