

Veteran Requests Caregiver Revocation Letter

Date

Dear

We understand that you no longer wish to have serve as your Primary Family Caregiver under the Department of Veterans Affairs (VA), Program of Comprehensive Assistance for Family Caregivers.

Under the law and based on Federal regulations, a Primary Family Caregiver's benefits are tied to the in-home care of the Veteran. Therefore, following a period of 30 days, your Primary Family Caregiver will no longer be eligible for Caregiver benefits under VA's Caregiver Support Program.

Due to your continued eligibility, you may select a new Primary Family Caregiver to begin the application process. For further clarification or for more information, please feel to contact me at

Sincerely,

Caregiver Support Coordinator
