

User Overview

The CAC User Admin View feature allows the users to view and customize their own CAC User Admin view if they meet the appropriate admin role. This workspace still functions similar to the patient-centric workspaces.

¹ The user may also choose to continue through the header bar instead of entering into the CAC User Admin View.

² This sub-process is covered in another workflow.

DISCLAIMER: This workflow is used for reference only and is NOT a part of the official list of deliverables to the VA.
