

HOME

- TOP NAV
- Logo
 - Name
 - Link to “Today” which is this screen
 - Link to “Request Queue” which is the list of appointment requests
 - Droplist “Amin” which reveals links to all the admin screens
 - User menu (preferences, logout, etc...)

- HEADER
- Lookup field, to find patients, providers, equipemnt, rooms, facilities, clinics, virtually anything in this system. Uses typeahead to display a list of matches by keystroked. Clicking an item then displays the profile page for that item.
 - “New Appointment” button presents blank Appointment profile screen

- FILTERS
- Site and Facility filter are single select
 - Clinic is a multiselect

- TIME NAV
- Button to return to “Today” no matter where else in time user has navigated to
 - Fields to specify an arbitrary date
 - A slider to move fluidly bakc and forth in tim with an arbitrarily MedRed defined frame (3 month, 6 month, etc...)
 - This allows the use to quickly jump back and forth in time, visually comparing shceuldes across time with minimal effort
 - Settings button
 - large vs small toggle

- SCHEDULE HEADER
- A drop list to filter providers shown on schedule
 - Provider avatar and name
 - Tapping/Clicking provider will present Provider Profile

- SCHEDULE
- Matrix of time slots
 - Slots that are filled display an Appointment Tile contain- ing patient avatar, name, and room number
 - Tapping/Clicking an appointment tile displays the Ap- pointment profile
 - Time slots are clusterd by hour
 - Vertical scroll moves across time, and keeps the Schedule Header persistent.
 - Horizontal scroll moves across providers, and keeps Time Header persistent
